Step into the porch, partly framed by thick green ivy that climbs across its frontage, giving a welcoming first impression. Just off the porch is a convenient WC, a practical touch for everyday use. From here, you move into the lounge, a light-filled space with a large front-facing window that draws in plenty of natural light. The room feels spacious and fresh, finished with wood-effect flooring and neutral décor that provides a versatile backdrop. A central fireplace adds character, while an archway opens directly into the dining area, creating a natural connection between the two rooms. The dining area enjoys garden views and direct access outside, making it ideal for relaxed family meals or hosting guests.

The kitchen continues the theme of practicality and style. A striking red tiled splashback stands out against sleek white cabinetry, with dark worktops offering generous preparation space. Storage is well thought out with both base and wall units, while tiled flooring adds durability. A large window above the sink brings in light and provides a pleasant outlook over the rear garden. The kitchen is equipped with a built-in oven, gas hob and extractor, and a rear door offers easy access outdoors.

Upstairs, the landing houses a useful storage cupboard and leads to three well-proportioned bedrooms. Two are generous doubles and the third, while slightly smaller, still provides comfortable proportions. Each room is brightened by natural light and fitted with carpet flooring, creating warm and inviting spaces.

Completing this floor is the family bathroom, fitted with a white suite including a panelled bath, pedestal basin and low-level WC. Wall tiling and a frosted window make the room both practical and fresh. Additionally, the property benefits from double glazing throughout along with a new boiler installed in 2025

Outside, the rear garden provides an enclosed and easy-to-care-for space, bordered with mature planting that brings seasonal colour and greenery. There is both a paved area and a lawn, offering room for seating, play or planting. A pathway runs alongside the property, giving practical access between front and back.

At the front, a driveway resurfaced in 2021 offers off-road parking, while a timber garage added in 2025 provides further storage and access into the garden.
