This end-of-terrace hall entrance home is offered with no onward chain and presents a calm, well-cared-for feel throughout, with period proportions and a layout that works naturally from front to back.

A welcoming hall entrance creates a clear sense of arrival, with decorative cornicing, tall ceilings, and painted finishes that continue the character seen across the property. From here, the lounge sits at the front and enjoys a bay window looking out over the bowling green. The room feels light and well-balanced, finished with carpeted flooring, traditional ceiling detail, and a feature fireplace that forms a natural focal point within the space.

Moving through, the dining room provides generous proportions. This room continues the carpeted flooring and offers enough depth for a full dining table and additional furniture, while maintaining a comfortable connection with the rest of the ground floor layout.

Set to the rear, the kitchen is fitted with a range of wall and base units topped with wood-effect work surfaces. Integrated appliances include a built-in oven, hob, and extractor, with plumbing in place for additional appliances. Laminate flooring runs throughout, and a door leads directly outside to the rear garden.

Also located on the ground floor, the bathroom is fitted with a bath, WC, and wash hand basin. The room features tiled flooring with tiled wall areas, a window providing natural light, and a clean, simple finish that matches the rest of the house.

Stairs rise to the first floor, where two double bedrooms are arranged off the landing. To the rear, the main bedroom is a comfortable double room with carpeted flooring and built-in storage. This room benefits from a private ensuite, fitted with a shower enclosure, WC, and wash hand basin. Laminate flooring is laid here, and an airing cupboard houses the boiler. Positioned to the front, the second bedroom is also a well-proportioned double, finished with carpeted flooring and benefitting from a built-in cupboard, offering practical storage without impacting the room size.

Outside, the garden is bisected and enclosed, with a larger-than-expected feel created through hardstanding areas, established planting, and space for seating and container gardening, offering a usable and manageable outdoor setting. To the front, on the road, permit parking is available, and the outlook across the bowling green adds a pleasant sense of openness.
